

|                    |                       |
|--------------------|-----------------------|
| Item No. :         | DB-1211               |
| Antenna Category : | Amateur Ham           |
| Frequency :        | 144/430Mhz            |
| Gain :             | 2.15dB                |
| VSWR :             | <1.5:1                |
| Polarization :     | Vertical              |
| Impedance :        | 50 ohm                |
| Max. Power :       | 100W                  |
| Radome Material :  | Copper (White Chrome) |
| Length :           | 0.43m                 |
| Weight :           | 150g                  |
| Mount :            | "M"                   |
